New Things

Watt, Rettew & Clay call attention
to lots of new things received yesterday
and quote prices in their new ad. on
eighth page. Read it.

Makes an Attractive Appearance.

A new front has been put in the store
of the Philadelphia One Price Clothing
House: The windows are heavy French
plate glass and adds greatly to the ap-
pearance of the store.

His Father Seriously Ill.

James D. Stephenson left yesterday
for Bellefontaine, Ohio, in response to
a message announcing the serious ill-
ness of his father. He will probably be
absent several weeks.

The Driving Park Leased.

The Roanoke Driving Park has been
leased by Dyer Bros., and the track has
been placed in good condition, for the
benefit of those who have fast horses in
the city and want to exercise them
properly.

Work on the Lick Run Drain.

Capt. A. J. Banks, the contractor, has
a large force of hands at work on the
Lick run drain near the Roanoke and
Southern depot. Captain Banks will
push the work rapidly and expects to
have it completed within the next sixty
days.

Special Sermon to Masons.

Rev. W. F. Hamner will deliver a
special sermon to the Masons of this
city Sunday morning at 10:30 o'clock at
Greene-Memorial Church. All Masons
are requested to meet in their halls
promptly at 10 o'clock and march in a
body to the church.

Gone to Marion.

C. C. Taliaferro, a member of the
board of directors of the Southwest Vir-
ginia Insane Asylum at Marion, went
there yesterday afternoon to attend the
annual meeting of the board. He will
also visit his daughter at Wytheville
before he returns.

Fine Spring Tonics.

The Christian-Barbee Drug Company
advertises a fine list of spring tonics, to
which special attention is called. All,
even the most industrious, experience
that "tired feeling" in spring. Give
them a call.

The Kossuth Cigar.

The "Kossuth" cigar that is adver-
tised in THE ROANOKE TIMES brought
the agent orders for 20,000 cigars the
first day the advertisement appeared.
This is a convincing fact that judicious
advertising pays under all circum-
stances.

A Slight Freight Wreck.

A freight wreck occurred near Coy-
ner's Springs yesterday morning, in
which nine cars were derailed. The
wreck was caused by an axle of one of
the cars breaking. Fortunately no one
was injured. The westbound passenger
train, due here about 7 o'clock, was
delayed about five hours.

The Ohio Excursion.

The excursion of representative Ohio
farmers, which will make a tour of a
large section of Virginia on the Chesape-
apeake and Ohio railway, are expected
to reach this city to-morrow at noon.
They will be received by members of
the board of trade and other citizens at
the Y. M. C. A. Hall to-morrow night,
when Senator Daniel will deliver an
address.—Lynchburg News of Tuesday.

The Bertha Zinc Company.

The property of the Bertha Zinc and
Mineral Company has been sold to
another company, and will be known,
on and after April 1st as the Bertha
Mineral Company of New Jersey. There
is no probability of any change in the
management of the company at Pulaski,
but the business will continue to be
managed as it has been heretofore. The
sale to the new company includes all
the lands, mines, plants, etc., of the old
company.

Indictments by the Grand Jury.

The grand jury returned the following
indictments yesterday: Allen Hunt,
charged with stealing a gold watch, a
true bill; Mahlon Hanes, burglary, a
true bill; Henry Hunt and Edward Hall,
housebreaking with intent to commit
larceny, a true bill; William Starkey
and Thomas Fennell, passing counter-
feit coin, a true bill, and Laura Whit-
low, administering poison with intent
to kill, a true bill. The grand jury will
be in session several days yet, and more
indictments will be made.

A New Catcher for Roanoke.

Manager Breen picked up a horseshoe
day or two ago while out practicing
and last night he was jubilant over the
good luck it brought him. Yesterday
an excellent catcher, Edward Purcell,
turned up at headquarters and was at
once engaged. He is known to some of
the local team as a fine backstop,
thrower and batter, his throwing to
base being a special point of excellence.
Hines will probably be incapacitated
by illness for two or three weeks, and
the opportune appearance of Purcell
comes as a godsend to the management.

Killed While Coupling Cars.

The remains of Sam Lusk were taken
through Bristol Sunday night en route
to Johnson City. Mr. Lusk was a son
of John Lusk, of Johnson City and was
28 years of age. He was killed while
coupling cars on the Kenova division of
the Norfolk and Western road Satur-
day. The particulars of his death are
not stated, but it seems that his skull
was crushed; probably by coupling fast

cars where the loads projected over the
coupling. The funeral took place at
Johnson City Monday. The deceased
was an industrious young man and had
many friends who will hear of his sad
death with deep regret.—Bristol News.

Birthday Party.

The birthday party at the chapel of
the First Baptist Church was well at-
tended last night, and the Ladies' Aid
Society of the church realized a hand-
some sum by the entertainment. The
refreshments and social features, to-
gether with music furnished by Messrs.
Handy, Perkins and Lowry, of Alle-
ghany Institute, were greatly enjoyed
by the large company.

Police Court.

In police court yesterday morning
Robert Miller, colored, was given thirty
days on the chain gang on the charge of
stealing three shirts from Gilkeson &
Child. Robert Akers and Robert
Brandon, both colored, were fined \$2
each for trespassing on the Norfolk and
Western railroad. Mary Smith and
Annie Colvin were each fined \$1 for dis-
orderly conduct on the street. The
case of Moses McCabe, a Syrian,
charged with attempting to shoot Frank
Monsieur, one of his brother country-
men, was postponed until to-morrow
morning. Monsieur passed McCabe's
store and the latter came out with a re-
volver and fired one shot. A scuffle en-
sued and the pistol was discharged again
but with no disastrous results.

Big Values.

You can now find better values for
your money in slightly used pianos and
organs at Hobbie Music Co., than ever
offered before on any market.

Must Be Repaired.

REMEMBER that your carriages, bug-
gies and phaetons must be repaired,
and now is the time to have it done,
and the Virginia Carriage Company, No.
332 Salem avenue, is the place where
all work is guaranteed.

IN A HELPLESS CONDITION.

An Old Man Found in a Shed on Roanoke
Street.

H. J. Williams, of Winston, N. C.,
was found in a helpless condition in the
shed of the old city hall yesterday
about 2 o'clock by officer Smith, who
removed him to police headquarters.
He did not appear to be drunk and
when searched \$53 in money, a certifi-
cate of deposit for \$700 on the Wachovia
National Bank, of Winston, and other
valuable papers were found on his per-
son. The police thought he had been
drugged for the purpose of robbery and
City Physician Strickland was sent for
and a thorough examination was made.
In the meantime Mr. Williams, who
is 70 years of age and well dressed,
became more rational and when ques-
tioned stated that he drank one "cock-
tail" and took another small drink of
whiskey at the Ponce de Leon Hotel
bar, after which he remembered nothing
until he found himself in the station
house.

Dr. Strickland, after making a careful
examination, decided that Mr. Williams
was in delicate health and feeling un-
well. The two drinks had a disastrous
effect upon him.
The barkeeper at the Ponce de Leon
Hotel stated that he remembered the
old gentleman and that he took as
many as five drinks at the bar and
called for another, but was refused on
the grounds that he had drunk enough.
Mr. Williams was sent to the residence
of his son-in-law, Capt. W. R. Tucker,
at 415 Luck avenue southwest, about 6
o'clock. Mr. Williams has been in the
city about two weeks, having returned
from a business trip to West Virginia.

A BAZAAR TO BE HELD.

By the Ladies' Auxiliary of St. Andrew's
Church.

The Ladies' Auxiliary of St. Andrew's
congregation will hold a bazaar in the
near future for the benefit of St. An-
drew's Church. The bazaar will be
held in a vacant store room in the busi-
ness part of the city.
Fancy articles will be sold, refresh-
ments will be sold, and the booths will
be presided over by pretty girls. A
special musical program will also be
rendered.

The ladies will do everything in their
power to make it a financial and social
success, and no doubt it will be lib-
erally patronized.

THE ROANOKE CONFERENCE.

What One of Roanoke's Live Young Law-
yers Has to Say on It.

EDITOR TIMES:—The proposed consti-
tutional convention is one of those
movements, which, taken at its present
flood tide, will lead the Democratic
party on to continued usefulness and
power, and ignored will invite a long
train of calamities upon both party and
State. The conservatives are beginning
to sound that note of warning, which,
if heeded, will be so fruitful of fatal
consequences. The party in this State
should remember the ruin caused by
the misguided and divided counsels of
the national Democracy. The senti-
ment of the people as portrayed in the
press is overwhelmingly in favor of a
change in our fundamental law, and un-
less the Democratic party speedily re-
sponds to this demand, it will be en-
forced through some other agency.

There is widespread dissatisfaction
among our people at the heavy and use-
less burdens entailed upon them by a
motley gathering of negroes and carpet
baggers as the price of readmittance
into the union, who framed our organic
law, and the legislature has not heark-
ened to the sound of weeping and la-
mentation in Kanah, nor, so do it
justice, hampered by constitutional
restrictions, could it have accomplished
more than an amelioration of some of
the most flagrant defects of our system.
When every Southern State has thrown
off the constitution forced upon it by
the reconstruction acts of Congress;
when it has been demonstrated re-
peatedly that our State and country
are far in excess of the requirements
of a well administered government;
when the Democratic party has again
and again pledged itself to the refor-
mation of this instrument; when our
people cry aloud for change and relief,
how does it come to pass that a few
conservatives are in danger of wool-
ing the party to everlasting ruin with the
specious plea that this is not the ac-
cepted time.

The party even now totters on the
brink of a precipice, and, if it lets this
harvest pass, it can find no forgiveness
at the hands of a devoted people, whose
material interests have been sacrificed
at the dictation of short-sighted poli-
ticians. In an ideal state of society the
constitution should be formed by repre-
sentatives of every party in proportion
to its numerical strength, but, that idea
being abandoned as Utopian, let us
earnestly strive to obtain the best
results through the party that repre-
sents nine-tenths of the culture and
wealth of the State, remembering that,
if it is weighed in the balance and found
wanting, the reform will still be effected
through the one tenth. "X."

SECOND WARD SCHOOL BUILDING.

The City Engineer Says It Is Now
Safe.

The following correspondence ex-
plains itself.

ROANOKE, VA., April 2nd, 1895.

My DEAR SIR: The accident at Com-
merce street school building yesterday
morning has rendered a great many
parents very uneasy about the safety
of their children. They are not willing
for them to return to school unless they
receive assurances from you as to the
stability of the school building. Please
state officially your opinion as to its
condition and consequent security or
insecurity of the children in attending
school.

Yours very truly,

B. RUST,

Superintendent schools.

ROANOKE, VA., April 2nd, 1895.

Mr. B. Rust, superintendent schools:

DEAR SIR: Replying to your letter
of this date I will state that the defect
in the supports of chapel floor of the
Second ward school building has been
remedied and the broken column re-
placed by a strong wooden post, and
that the building is now safe.

Respectfully,

WM. M. DUNLAP,

City Engineer.

CANCER CURED

—AND A—
LIFE SAVED

By the Persistent Use of
Ayer's Sarsaparilla

"I was troubled for years with a
sore on my knee, which several
physicians, who treated me, called a
cancer, assuring me that nothing
could be done to save my life. As
a last resort, I was induced to try
Ayer's Sarsaparilla, and, after tak-
ing a number of bottles, the sore

began to disappear and my general
health improve. I persisted in this
treatment, until the sore was en-
tirely healed. Since then, I use
Ayer's Sarsaparilla occasionally as a
tonic and blood-purifier, and, in-
deed, if seems as though I could not
keep house without it."—Mrs. S. A.
